BRAGG'S INDIAN QUEEN VEGETA-BLE SUGAR COATED PILLS.

The Great Popular Medicine Of the day---Vast amount used per mouth---The numerous and Wonderful Cures is effects--- Its Magical Effect upon Bilions Fevers, and Fever and Ague--- Great Excitement among the Doctors!

THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS BY now admitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon Bilious and Typhus Fevers, Chills and Fever and Pever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and al. diseases prevalent in a western and outhern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this lies the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired allover the west and south, ensures sales of at least

50,000 Boxes per Month, And we find it difficult, with our large force of hones, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which t ey are composed. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not ess than 10,000 cases of Fever and Ague, one thousand of which have resisted all other treatment:

5,300 do of weakness and general debility;

4.500 cases of Bilious Fever; 2,500 do of various chronic diseases;

2,000 do of weak stomach and loss of appetite do of Dysnepsia; 1,200 do of Rheumatism; 1,000 do of Female complaints;

1,200 do of Agne Cake, or Entarged Spleen; 1,500 do of Liver Complaint; 500 do of Scarlet Fever; 400 do of Typhus Fever;

360 do of Putrid Sore Throat. This must appear almost incredible, but the numerous letters from physicians, agents, and those who use the medicire, from all the western and southern States, satisfy as that this is a moderate estimate, and that our medicine is rapicly taking the place of the various sugar-coated counterfeits who have affort, and the numerus tonic mixtures, made wholly of quinine, which are impose pon the public by manufacturers who live, nobody knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Pills are of two kinds-the Cathartic and Tonic. The Tonic pills are acculiarly adapted to the quick and permanent cure of Fiver and ague, torpor of the Liver, and general debility. It is in Fever and Ague, Chill Feyer, &c., that they achieve their greatest triumphs. It rarely requires over twelve hours; or more than ha f a bux of the tonic pil's to break the chi lis and effect a permanent currewhich is rarely the case with the tonic mixtures of quinine, hawk el about the country by ignorant pretenders. Those who take

the tonic pills will never forsake them. Who can wonder, then, that a medicine of such extensive popularity, and extr ordinary victues should couse Great excitement among the Doctors! The prejudices of physicians against their use are at last giving way to the play of reason, and the convictions of every-day

experience which they derive from their patients and friends who use them. Doctors are now almost every day sending orders from every art of the country for a supply of these piles to use in their prac-Here is one all the way from the State of Mississippi just received. Dear Sir-I have to inform you that I have used alt are Tonic Piles, and therefore pray you to send me another supply immediately, as there is much lever and ague within the bounds of my practice, and I hardly know how to satisfy and cure my patients without them. I have thoroughly tested your Tonic Pills in my practice through this country, not only in chil's and fever, but in real typhoid fever and have met with such success from their use that I now find my se I at a great loss to get along wit out them.
